

### INTERIM REPORT Q2, JANUARY-JUNE 2021

### Strong organic growth and historically high earnings level

#### Second quarter of 2021

- Net sales in the second quarter amounted to SEK 2,445

   (2,265) million. Organic growth was 8 per cent and growth
   from acquisitions 1 per cent, while exchange rate effects
   accounted for -1 per cent.
- Adjusted EBITA increased by 19 per cent to SEK 167 (141) million and the operating margin was 6.8 (6.2) per cent.
- EBIT was SEK 119 (86) million. Profit after tax was SEK 81 (52) million.
- Earnings per share were SEK 0.8 (0.5).
- Cash conversion for the most recent 12-month period amounted to 94 (107) per cent.
- Leverage in relation to adjusted EBITDA was 1.7 (2.2).

#### First half of the year (January-June 2021)

- Net sales in the first half of the year amounted to SEK 4,775

   (4,806) million. Organic growth was 0 per cent and growth from acquisitions 1 per cent, while exchange rate effects accounted for -1 per cent.
- Adjusted EBITA increased by 16 per cent to SEK 306 (263) million and the operating margin was 6.4 (5.5) per cent.
- EBIT was SEK 203 (147) million. Profit after tax was SEK 134 (83) million.
- Earnings per share were SEK 1.4 (0.9).

#### **CEO'S COMMENTS**

# STRONG ORGANIC GROWTH AND HISTORICALLY HIGH EARNINGS LEVEL

Coor delivered operating profit of SEK 167 (141) million for the second quarter and the operating margin increased to 6.8 (6.2) per cent. Sales amounted to SEK 2,445 (2,265) million, with organic growth of 8 per cent. Coor's cash flow and balance sheet remain strong, with cash conversion of 94 (107) per cent over the most recent 12 months and a continued low leverage of 1.7 (2.2) times adjusted EBITDA. This provides us with excellent scope and financial capacity for new business opportunities and business acquisitions.

### ALL COUNTRIES GREW ORGANICALLY AND STRENGTHENED THEIR MARGINS

All of Coor's countries delivered positive organic growth. Norway accounted for the most significant growth at 19 per cent, followed by Denmark at 10 per cent. Organic growth was mainly driven by increased assignment volumes, not least in the Norwegian oil and gas industry. Although the Nordic region continued to be impacted by COVID-19 in the second quarter, we also noted positive effects from food and beverages in Denmark as a growing number of people returned to the office. Demand for professional cleaning remained favourable throughout the Nordic region. New and expanded business also contributed positively to organic growth in the quarter.

All countries reported improved profitability for the second quarter, with Norway and Sweden in particular noting a significant improvement in their margins. Coor's customer-oriented and decentralised organisation has successfully continued to adapt and improve the efficiency of operations, benefiting our customers and providing strong financial results. In addition the organisation's focus on costs and efficiency, positive volume and mix effects also contributed to improved operating profit.

### COOR WINS CUSTOMERS THROUGHOUT THE NORDIC REGION

The first half of the year was intense, with Coor securing new business and extending existing contracts in all countries. Through a strong inflow of new contract volumes, Coor increased its contract portfolio during the first half of the year by a total of SEK 217 million (net).

In the second quarter, Coor secured a new IFM contract with Danske Statsbaner (DSB) with an annual value of approximately SEK 150 million. The contract extends for five years with an option to extend for a further three years. On 15 June, Coor announced it had won and thereby renewed its IFM contract for Equinor's production sites in Norway, with sales of approximately SEK 300 million. The contract extends for five years with an option to extend for a further three years.

In Finland, Coor extended its property services agreement with Attendo for three years, with an option to extend for a further three years. In Sweden, Coor landed a new three-year security assignment for Borealis.

The integration of the acquired company R&K Service in Norway is proceeding according to plan and the company continued to deliver in line with our high expectations.

### CONTINUED FOCUS ON SUSTAINABILITY AND INNOVATION

Coor is continuing to devote considerable focus to sustainability and during the second quarter decided to gradually transition to a fossil-free vehicle fleet. In June, Coor made the decision to only permit new company cars for personal use that are 100 per cent electric. Work also began ahead of the transition to an electric fleet of company cars and service vehicles.

The organisational changes carried out at the end of 2020 in order to intensify Coor's development and innovation efforts continued to yield results, which was also reflected in increased customer demand. One recently launched innovation was Coor's advanced SmartDrone, an intelligent drone with AI technology. SmartDrone has a wide range of applications. For example, it can be used to detect water damage, energy leaks and other types of defects in buildings at an early stage. SmartDrone can also be used to replace old drawings with more precise, easy-to-use 3D models.

#### **WELL-POSITIONED FOR THE FUTURE**

The first half of the year was characterised by a number of positive events, and we are currently engaged in numerous dialogues with new and existing customers in order to continue developing and growing Coor in line with our long-term targets. In the second quarter, Coor made an important decision to expand its Advisory operations across the entire Nordic region. Advisory services offer important support for both existing and potential customers, providing guidance and suggesting solutions for customers' future workplace environments.

We are seeing clear indications that the second half of the year will be characterised by a gradual return to the offices as the vaccination programme continues and the spread of COVID-19 decreases in the Nordic region. The pipeline of new business remains very strong. With a healthy cash flow and strong balance sheet, we also see favourable opportunities to carry out

acquisitions in the Nordic region, targeting businesses and geographic regions that will strengthen our customer offering and contribute to increased value for Coor's shareholders.

Stockholm, 15 July 2021

AnnaCarin Grandin

President and CEO, Coor

### **OUR OPERATIONS IN THREE DIMENSIONS**

Delivering on Coor's strategy and developing our business in line with Coor's vision requires a long-term approach to sustainability. Coor strives to conduct its business in a responsible manner. This means that we create value in three dimensions: financially, socially and environmentally.

#### VISION

Coor creates the happiest, healthiest and most prosperous workplace environments in the Nordic region. We strive tirelessly to build the teams and full-service solutions that enable our customers to do what they do best.

#### **BUSINESS CONCEPT**

Coor's business concept is to take over, manage and develop services in offices, at properties and production facilities, and in the public sector. We aim to run our business in an effective and sustainable manner that creates long-term value for our customers, employees and investors as well as society at large and the environment.

#### **STRATEGY**

Customer-oriented solutions

Growth in IFM

Growth in single services

Operational effciency

#### BUSINESS RESPONSIBILITY

Coor aims to ensure a stable financial performance and to deliver a high level of customer satisfaction by:

- Ensuring sustained growth and profitability over time
- Delivering value-creating and innovative solutions
- Helping its customers achieve their goals

### Targets in business sustainability:

- Organic growth: 4-5%
- Adjusted EBITA margin: -5.5%
- Cash conversion: >90%
- Capital structure: <3.0 times</li>
- Dividends: ~50% of adjusted net profit
- Customer satisfaction: ≥70

#### SOCIAL RESPONSIBILITY

Coor aims to have committed and motivated employees and zero work-related injuries or long-term sick leave and to promote equal opportunities for men and women by:

- Actively promoting the well-being of its employees as well as a safe work environment
- Promoting diversity and equality
- Developing and engaging the company's employees

#### Targets in social sustainability:

- Employee Motivation Index: ≥70
- Equal opportunities: 50% female managers
- TRIFR: ≤3.5

### **ENVIRONMENTAL** RESPONSIBILITY

Coor aims to promote responsible consumption and reduced emissions by:

- Actively helping to minimise its customers' environmental impact
- Engaging in structured and proactive internal environmental management activities
- Halving Coor's carbon footprint by

### Targets in environmental sustainability:

Reduce Scope 1 and 2 emissions under the global Greenhouse Gas Protocol framework by 50 per cent by 2025 compared with our baseline

### **BUSINESS RESPONSIBILITY**

#### **SALES AND EARNINGS**

	Apr-Jun		Jan-	Jun
Key performance indicators	2021	2020	2021	2020

Adjusted EBITA	167	141	306	263
Adjusted EBITA-margin, %	6.8	6.2	6.4	5.5
EBIT	119	86	203	147
EBIT-margin, %	4.9	3.8	4.2	3.1
Number of employees (FTE)	9.051	9.124	9.051	9.124

#### Second quarter (April-June)

Net sales increased 8 per cent compared with the year-earlier period. Organic growth was positive and amounted to 8 per cent. While the highest organic growth was reported in Norway and Denmark, all countries made a positive contribution. Organic growth was mainly driven by increased assignment volumes, not least in the Norwegian oil and gas industry. We also noted positive effects from food and beverages in Denmark as a growing number of people returned to the office, and demand for professional cleaning remained favourable across the entire Nordic region. Acquired growth in the quarter amounted to 1 per cent and was entirely attributable to the Norwegian operations. Exchange rate effects amounted to -1 per

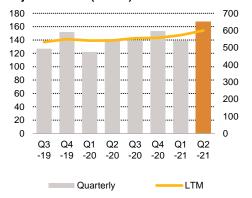

Operating profit (adjusted EBITA) amounted to SEK 167 (141) million. The operating margin for the quarter was 6.8 (6.2) per cent. The improvement was driven by effective cost control, efficiency improvements and profitability-enhancing measures across the entire organisation as well as positive volume and mix effects.

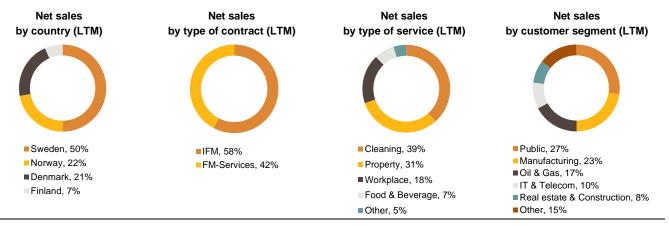

EBIT was SEK 119 (86) million. In addition to the increase in adjusted EBITA, items affecting comparability and amortisation of customer contracts and trademarks were also lower compared with the second quarter of the preceding year.

#### Net sales (SEK m)

#### Adjusted EBITA (SEK m)

#### First half of the year (January-June)

Sales declined I per cent compared with the first half of the preceding year. Organic growth was 0 per cent and growth from acquisitions I per cent, while exchange rate effects accounted for-I per cent.

Operating profit (adjusted EBITA) increased by 16 per cent year-on-year to SEK 306 (263) million. The operating margin was 6.4 (5.5) per cent. EBIT was SEK 203 (147) million.

#### FINANCIAL NET AND PROFIT AFTER TAX

Net financial items for the first half of the year improved by SEK 6 million compared with the year-earlier period, primarily attributable to a reduction in interest expenses due to lower utilisation of the revolving credit facility.

Tax for the first half of the year was SEK -42 (-30) million, corresponding to 24 (26) per cent of profit before tax. Profit after tax was SEK 134 (83) million.

#### **FINANCIAL POSITION**

Consolidated net debt at the end of the period was SEK 1,389 (1,621) million.

The company's leverage, defined as net debt to adjusted EBITDA (rolling 12 months), was 1.7 (2.2) at the end of the period, which is well in line with the Group's target of a leverage below 3.0.

Equity at the end of the period was SEK 2,033 (2,008) million, and the equity/assets ratio was 34 (33) per cent. During the second quarter, the Group paid dividends to shareholders amounting to SEK 190 million, which reduced the Group's equity with a corresponding amount.

Cash and cash equivalents amounted to SEK 57 (203) million at the end of the period. At the end of the period, the Group had undrawn credit lines totalling SEK 1,350 (1,050) million.

#### **CASH FLOW**

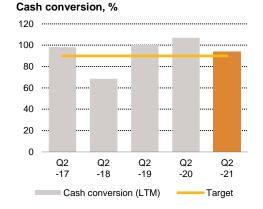

Operating cash flow varies from one quarter to the next. The key parameter to follow is the rolling 12-month change in working capital. In the past 12 months, working capital declined by SEK 7 million, driven by ongoing focused efforts across the entire organisation.

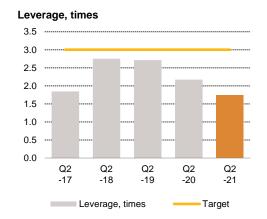

The most important key performance indicator for Coor's cash flow is cash conversion, which is defined as the ratio of a simplified operating cash flow to adjusted EBITDA. Cash conversion for the most recent 12-month period amounted to 94 (107) per cent, which is well in line with the Group's target of cash conversion of over 90 per cent.

#### **CUSTOMER RELATIONSHIPS**

#### **Customer satisfaction**

Every year, Coor conducts a survey among its customers with the aim of monitoring its performance as a service provider. Coor's customer satisfaction has remained stable at a high level, with a score of 70 (68) in the latest survey. The number of contact persons who completed the survey increased to 805, compared with 676 in the preceding year. The results from the customer survey provide valuable input for the future, with regard to the development of Coor's relationships with its customers as well as its internal development as a company.

As a supplement to the annual survey, we continuously follow up on customer satisfaction. These qualitative and quantitative follow-ups are customised based on the specific customer and focus on both service delivery and customer relations. Quantitative surveys are carried out using, for example, pulse surveys.

#### Contract portfolio

The net change in the contract portfolio for the first half of the year was SEK +217 million. The largest new contracts were with DSB (IFM), PostNord (IFM) and Borealis (Security).

#### SIGNIFICANT EVENTS DURING THE QUARTER

- On 12 May 2021, Coor's Board of Directors resolved to exercise the repurchase authorisation granted by the 2021 Annual General Meeting and acquire Coor shares on Nasdaq Stockholm for the purpose of securing the financial exposure for Coor's long-term incentive programme.
- On 3 June 2021, it was announced that Coor had signed a new IFM contract with Danish rail operator DSB. The assignment has an annual contract value of approximately SEK 150 million. The contract extends for five years with an option to extend for a further three years. Delivery will start on 1 October 2021 and includes cleaning, restaurant services, janitorial services, internal services (reception, post), space management (relocation and furnishings), surveillance, waste management and exterior maintenance for all of DSB's properties with a total area of approximately 650,000 square metres.
- On 15 June 2021, it was announced that Equinor had chosen to prolong its
  cooperation with Coor by signing a new agreement relating to service
  deliveries to Equinor's production sites. The agreement extends for five
  years with an option to extend for a further three years and has an annual
  contract value of approximately SEK 300 million, including Coor's estimate
  of annual variable project volumes. The agreement applies from 1 November
  2021.

#### SIGNIFICANT EVENTS AFTER THE END OF THE PERIOD

• There were no significant events to report after the end of the period.

#### **Customer satisfaction index**

	2021		2020

2024

2020

Changes in the contract portfolio include all contracts over SEK 5 million in annual sales and are reported semi-annually. For new contracts concluded during the period, the contracted or estimated annual sales volume is indicated. For contracts that were completed during the period, the sales volume for the last 12-month period with full delivery is indicated.

### SOCIAL RESPONSIBILITY

#### **ORGANISATION AND EMPLOYEES**

At the end of the period, the number of employees was 11,184 (11,359), or 9,051 (9,124) on a full-time equivalent basis.

#### **EQUAL OPPORTUNITIES**

Coor believes firmly that a diversity of personalities, backgrounds, experiences and knowledge creates the right conditions for the company's continued success. As part of its efforts to ensure diversity, Coor clearly strives for an equal gender distribution among its managers. At the end of the period, there was a highly even distribution of men and women in managerial positions.

#### **EMPLOYEE MOTIVATION**

Each year, Coor also carries out a comprehensive employee survey with the help of an external research firm. The survey gives employees an opportunity to provide anonymous feedback on what it is like to work at Coor. The results of the survey are important for our efforts to become an even more attractive employer. 85 (80) per cent of all employees responded to the latest survey, which showed an employee motivation index (EMI) of 78 (77). This is a very high result and represents an increase for the sixth year running.

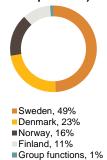

#### **HEALTH AND SAFETY**

Coor has a clear vision to achieve zero work-related injuries, and it goes without saying that all employees should have a safe work environment. Managers and employees take responsibility for preventing and avoiding injuries. All employees are encouraged to report observed risks. Risk observations, incidents and injuries are reported directly to the relevant manager, after which a follow-up and analysis of preventive measures is conducted. The results are followed up and analysed at the country and Group level on an ongoing basis. In several countries, extended training initiatives and "I Care" campaigns are being carried out with a focus on raising the level of risk awareness in the organisation.

Coor's medium-term goal is for the Group's total recorded injury frequency rate (TRIFR) to be less than 3.5. For full-year 2020, the Group's TRIFR was 9.9. In the second quarter of 2021 (rolling 12 months), the Group's TRIFR was 9.1. Coor is working systematically and continuously to achieve the target level of <3.5. Coor has achieved substantial improvements since the baseline was established in 2016 when the Group's TRIFR was 21.3.

### Distribution of employees (full-time equivalents) at the end of the period

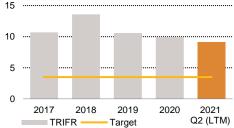

### Equal opportunities (gender distribution of managers at the end of the period)

#### Employee motivation index (EMI)

#### Total recorded injury frequency rate (TRIFR)

### **ENVIRONMENTAL RESPONSIBILITY**

#### **AMBITION**

In Coor's strategic plan for 2025, the ambition was established to be a truly sustainable company. Part of this involves Coor working to reduce its emissions of greenhouse gases. Coor calculates emissions according to the Greenhouse Gas (GHG) Protocol.

### Target to reduce Scope 1 and 2 greenhouse gases by 50 per cent

Coor's operations give rise to direct emissions of greenhouse gases from our vehicle fleet and machinery (Scope 1), indirect emissions from energy use in the form of electricity, heating and cooling (Scope 2) and emissions that occur in our value chain where Coor does not always own the process or have direct control over production (Scope 3). These include purchases of goods and services, business trips and employees commuting to and from work. Our goal is to reduce our Scope 1 and 2 emissions under the global GHG Protocol framework by 50 per cent by 2025 compared with our baseline.

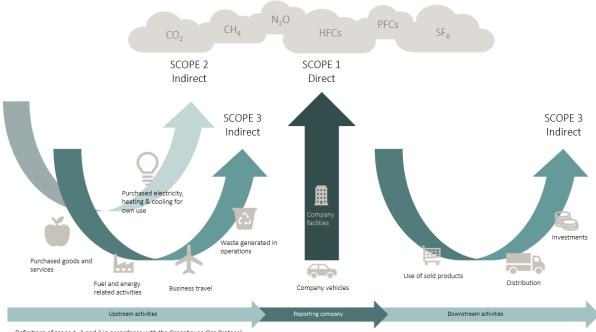

In addition to addressing its footprint, Coor can also help its customers make a positive contribution to the climate challenge through its services in such areas as energy optimisation. We refer to this as Coor's handprint and it is an important part of our customer offering.

#### Reduction of Scope 3 greenhouse gases

Coor has calculated its total emissions of greenhouse gases in Scopes 1, 2 and 3 in order to gain an overview of the distribution of greenhouse gas emissions in the value chain and to identify its greatest emission drivers. 7 per cent of our emissions come directly from our operations (Scopes 1 and 2). The vast majority of Coor's greenhouse gas emissions are indirect Scope 3 emissions, arising from purchased goods and services linked to our service delivery to the customer. In addition to reducing our direct emissions, we also want to reduce those indirect emissions that we can influence. Coor's greatest opportunity to help address the global climate challenge is to reduce our footprint in food and beverages.

#### **Science Based Target initiative**

Coor committed to the Science Based Target initiative in spring 2021, thus ensuring that the company's climate targets are in line with the requirements to limit global warming to 1.5 degrees Celsius.

#### SCOPE 1

Within Scope 1, the most relevant figure to measure and follow up is fuel consumption for the Group's vehicle fleet. Coor primarily uses three types of vehicles: service vehicles, company cars for business use and company cars for private use. The Group's long-term target is to have a fossil-free vehicle fleet. Its efforts to achieve this target are now being ramped up and will require a combination of an increased share of electric vehicles and a transition to HVO fuel wherever the use of electric vehicles is not yet possible. In June, Coor made the decision to only permit company cars for personal use that are 100 per cent electric. Work also began ahead of the transition to an electric fleet of company cars and service vehicles. In parallel with this work, eco driving training and follow-ups is also being carried out

The Group's emissions of  $CO_2e$  have essentially remained unchanged for the past three years, while the intensity rate has increased slightly during the pandemic to 0.33 t $CO_2e$ /SEK million since sales have declined in operating areas where the need for vehicles is low, primarily food and beverages. The baseline for Scope 1 is 0.28 t $CO_2e$ /SEK million in 2018.

#### **SCOPE 2**

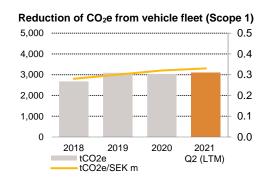

Scope 2 comprises energy use in the form of electricity, heating and cooling in the premises where Coor has operational control over its energy use.

Coor works continuously to reduce its energy consumption in its premises. Work is now under way to verify the previously established baseline and the trend in recent years. Going forward, an important part of this work will be to continue transitioning to renewable energy in our premises and optimising energy use in the restaurants where Coor has operational control over energy consumption.

#### SCOPE 3

Most of Coor's climate impact is attributable to purchased goods and services used in our service delivery (Scope 3). Purchases of raw materials for our restaurant operations comprise the vast majority of our Scope 3 emissions. A number of initiatives are now under way to reduce the climate impact of Coor's restaurant operations, including reducing the amount of waste generated by the restaurants as well as developing new healthy, sustainable meals. One example of Coor's commitment to the sustainable meals of the future is its involvement as a leader of the Food (R) evolution project along with a number of partners.

In order to analyse the climate impact of its service delivery, Coor is in the process of developing a climate calculation tool. The focus will initially be on the three service areas that jointly account for the majority of Coor's emissions: food and beverages, property service and cleaning. The ultimate aim is to carry out a thorough follow-up of the greenhouse gas emissions from the Group's operations and consumption of raw materials, including the development of an analysis tool that will support decision-makers in making more data-driven decisions when it comes to reducing Coor's Scope 3 climate impact.

### **SWEDEN**

	Apr-	Jun	Jan-Jun		
Key performance indicators	2021	2020	2021	2020	
Net sales	1,206	1,174	2,382	2,471	
Organic growth, %	3	-12	-4	-7	
Acquired growth, %	0	5	0	5	
FX-effects, %	0	0	0	0	
Adjusted EBITA	135	120	259	244	
Adjusted EBITA-margin, %	11.2	10.2	10.9	9.9	
Number of employees (FTE)	4,452	4,542	4,452	4,542	

During the second quarter, sales in the Swedish operations increased by 3 per cent as a result of positive organic growth. The positive organic growth was driven by higher assignment volumes in property-related projects, increased cleaning volumes due to COVID-19 and by a certain positive effect from expanded and new business. The decline in sales in food and beverages linked to COVID-19 slowed down compared with earlier quarters.

Operating profit (adjusted EBITA) for the quarter increased by 13 per cent year-on-year to SEK 135 (120) million. The operating margin thus improved to 11.2 (10.2) per cent. This was attributable to a continued intense cost focus, efficiency work and positive volume and mix effects.

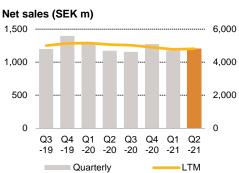

Various agreements were signed during the second quarter, including a new, three-year security agreement with Borealis, an expanded agreement with AssaAbloy and extended agreements with BAE and Söderberg & Partners.

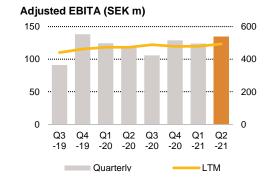

#### FIRST HALF OF THE YEAR (JANUARY-JUNE)

During the first half of the year, sales in the Swedish operations declined by 4 per cent as a result of negative organic growth.

Operating profit (adjusted EBITA) increased by 6 per cent year-on-year to SEK 259 (244) million. The operating margin improved to 10.9 (9.9) per cent.

### **NORWAY**

	Apr-	Jun	Jan-	Jun
Key performance indicators	2021	2020	2021	2020
Net sales	585	461	1,105	1,059
Organic growth, %	19	-17	2	-8
Acquired growth, %	4	0	2	0
FX-effects, %	4	-10	0	-7
Adjusted EBITA	41	25	76	58
Adjusted EBITA-margin, %	6.9	5.5	6.9	5.4
Number of employees (FTE)	1,429	1,473	1,429	1,473

#### SECOND QUARTER (APRIL-JUNE)

During the second quarter, sales in the Norwegian operations increased by a total of 27 per cent as a result of positive organic growth of 19 per cent and positive exchange rate effects of 4 per cent. The acquisition of R&K Service, which was completed on 1 March 2021, also contributed 4 per cent growth. Positive organic growth was driven by high assignment volumes in the oil and gas industry, mainly linked to Equinor's production sites and the ongoing maintenance stoppages.

Operating profit (adjusted EBITA) for the quarter increased by 60 per cent to SEK 41 (25) million. The operating margin thus improved to 6.9 (5.5) per cent. The positive development in terms of operating profit and operating margin was attributable to effective cost control, efficiency enhancements and positive effects from high assignment volumes in the oil and gas industry.

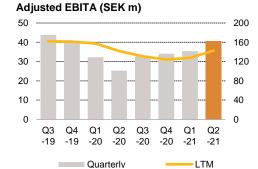

The integration of R&K Service is proceeding according to plan and contributed to the improvement in operating profit and the operating margin. The acquisition also strengthened Coor's market position in cleaning and restaurants in the Stavanger area.

#### FIRST HALF OF THE YEAR (JANUARY-JUNE)

During the first half of the year, sales in the Norwegian operations increased by 4 per cent as a result of positive organic growth of 2 per cent and due to the acquisition of R&K Service, which contributed 2 per cent growth.

Operating profit (adjusted EBITA) for the first half of the year increased by 32 per cent to SEK 76 (58) million. The operating margin improved to 6.9 (5.4) per cent.

### **DENMARK**

	Apr-	Jun	Jan-	Jun
Key performance indicators	2021	2020	2021	2020
Net sales	498	473	971	956
Organic growth, %	10	-1	7	1
Acquired growth, %	0	0	0	0
FX-effects, %	-5	1	-5	1
Adjusted EBITA	33	29	57	39
Adjusted EBITA-margin, %	6.6	6.2	5.9	4.1
Number of employees (FTE)	2,104	2,045	2,104	2,045

## SECOND QUARTER (APRIL-JUNE)

During the second quarter, sales in the Danish operations increased by 5 per cent compared with the year-earlier period. Organic growth amounted to 10 per cent, but exchange rate effects were negative and amounted to -5 per cent. The new contract with PostNord and high assignment volumes in cleaning, driven by COVID-19, made a positive contribution to sales. During the second quarter, we also noted increased volumes in food and beverages as a growing number of people returned to the office.

Operating profit (adjusted EBITA) for the quarter amounted to SEK 33 (29) million. The operating margin was 6.6 (6.2) per cent. The increased volumes from new business, cleaning assignments and food and beverages had a positive impact on operating profit and the operating margin for the second quarter.

Various agreements were signed during the second quarter, including a minor IFM contract with ABB and a cleaning contract with Magasin Aarhus & Odense as well as contract extensions with Falck and other customers.

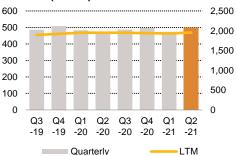

#### FIRST HALF OF THE YEAR (JANUARY-JUNE)

During the first half of the year, sales in the Danish operations increased by 2 per cent compared with the year-earlier period. Organic growth amounted to 7 per cent, but exchange rate effects were negative and amounted to -5 per cent.

Operating profit (adjusted EBITA) for the first half of the year amounted to SEK 57 (39) million and the operating margin was 5.9 (4.1) per cent.

#### SECOND QUARTER (APRIL-JUNE)

Sales in Finland decreased by 2 per cent in the second quarter. Organic growth amounted to 3 per cent, while exchange rate effects were negative and amounted to -5 per cent. The positive organic growth was attributable to higher assignment volumes in property services and a certain positive impact from new contracts.

Operating profit (adjusted EBITA) was essentially unchanged compared with the year-earlier period at SEK 5 (5) million. The operating margin was 3.2 (3.0) per cent. An intense cost focus and a certain positive impact from new business contributed to the slight improvement in the operating margin.

Various agreements were signed during the second quarter, including a new, four-year property services agreement with Pilke and a contract extension with Attendo.

#### FIRST HALF OF THE YEAR (JANUARY-JUNE)

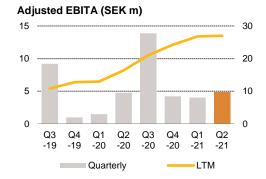

Sales in Finland decreased by 2 per cent in the first half of the year. Organic growth amounted to 3 per cent, while exchange rate effects were negative and amounted to -5 per cent.

Operating profit (adjusted EBITA) increased compared with the year-earlier period and amounted to SEK 9 (6) million. The operating margin was 2.8 (1.9) per cent.

### OTHER INFORMATION

#### SIGNIFICANT RISKS AND UNCERTAINTIES

The Group's significant risks and uncertainties consist of strategic risks related to changes in market and economic conditions as well as sustainability and operational risks related to customer contracts. The Group is also exposed to various kinds of financial risks, such as currency, interest and liquidity risks. A detailed description of the Group's risks is provided in the Annual Report, which is available on the company's website.

#### **ACQUISITIONS AND SALES**

During the first quarter, Coor completed the acquisition of R&K Service AS in Norway. The company is a well-run family company that provides cleaning and restaurant services in the Stavanger area. The company has annual sales of around NOK 80 million. The consideration for the acquisition on a cash-free, debt-free basis is around SEK 65 million. For additional information, refer to Note 5.

#### **PARENT COMPANY**

The Group's parent company, Coor Service Management Holding AB, provides management services to its wholly owned subsidiary Coor Service Management Group AB. The parent company also manages shares in subsidiaries.

The loss after tax in the parent company was SEK-40 (-41) million. Total assets in the parent company at the end of the period were SEK 7,849 (7,844) million. Equity in the parent company amounted to SEK 5,244 (5,468) million. During the second quarter, the parent company paid dividends to shareholders amounting to SEK 190 million, which reduced equity with a corresponding amount.

#### **RELATED-PARTY TRANSACTIONS**

No transactions between Coor and related parties that had a material impact on the company's financial position and results took place during the period.

#### **OWNERSHIP STRUCTURE**

The shares of Coor Service Management Holding AB were listed on Nasdaq Stockholm on 16 June 2015. At the end of the period, the three largest shareholders were Nordea Fonder, the First Swedish National Pension Fund (Första AP-fonden) and Didner & Gerge Fonder.

<sup>&</sup>lt;sup>1)</sup> Coor has undertaken share swaps to secure its financial commitment under the Group's LTIP 2018 incentive programme. An allotment of shares was carried out under the share component of LTIP 2018 in the second quarter, but the Group continues to have a financial obligation under the option component of the programme. At 30 June 2021, the number of guaranteed shares amounted to 320,000.

 $There \ are \ no \ non-controlling \ interests, as \ the \ parent \ company \ owns \ all \ shares \ of \ all \ subsidiaries.$ 

<sup>&</sup>lt;sup>2)</sup> In the second quarter of 2021, Coor repurchased a number of own shares to secure its financial commitment under the Group's LTIP 2021 incentive programme. A total of 400,000 shares were repurchased in the second quarter at an average cost of SEK 72.40 per share. The company previously repurchased a number of own shares to secure its financial commitment under the Group's LTIP 2019 incentive programme. Coor now holds a total 740,000 treasury shares.

<sup>&</sup>lt;sup>1)</sup>To secure its financial exposure in accordance with the LTIP 19 and LTIP 21 long-term incentive programs, Coor undertook acquisition of own shares.

### **NOTES**

#### **NOTE 1 – ACCOUNTING PRINCIPLES**

This interim report has been prepared in accordance with IAS 34 Interim Financial Reporting and the Swedish Annual Accounts Act. The consolidated financial statements have been prepared in accordance with the International Financial Reporting Standards (IFRS), as adopted by the EU. The applied accounting principles are consistent with those described in the Group's Annual Report for 2020.

The parent company financial statements have been prepared in accordance with the Swedish Annual Accounts Act and Recommendation RFR 2 Financial Reporting for Legal Entities of the Swedish Financial Reporting Board.

Due to rounding, some totals in this interim report may differ from the sum of individual items.

#### **NOTE 2 - FINANCIAL INSTRUMENTS**

The carrying amounts and fair values for borrowing, which are included in the category financial liabilities at amortised cost, are as follows:

		Carrying amou	nt		Fair value			
	30 J	Jun	31 Dec	30 .	Jun	31 Dec		
(SEK m)	2021	2020	2020	2021	2020	2020		
Lease liabilities	303	351	330	303	351	330		
Liabilities to credit								
institutions	143	441	241	143	441	241		
Corporate Bond	1,000	1,000	1,000	1,000	1,000	1,000		
Other non-current liabilities	2	31	31	2	31	31		
Total	1,448	1,824	1,603	1,448	1,824	1,603		

The existing credit margin in the Group's financing agreements is considered to be consistent with market terms, and the carrying amount therefore approximates fair value. The Group considers the liabilities to have been measured in accordance with Level 2 of the fair value hierarchy, which means that the measurement is based on observable market inputs.

#### **NOTE 3 - ITEMS AFFECTING COMPARABILITY**

Items affecting comparability are excluded from the measure of operating profit, adjusted EBITA, which the Group regards as the most relevant metric. The following table specifies the items affecting comparability that had an impact on earnings during the period. Integration and restructuring comprise organic transactions as well as acquisitions. Integration costs refer, for example, to costs for integrating IT systems while restructuring refers to costs related to staff reductions. Acquisition-related costs refer exclusively to transaction costs.

	Apr-	Jun	Jan-	Jun	Rolling	Jan-Dec
Items affecting comparability (SEK m)	2021	2020	2021	2020	12 mth.	2020
Integration	-3	-7	-6	-16	-9	-19
Restructuring	-1	-0	-2	-3	-24	-25
Acquisition related expenses	-0	0	-0	0	-0	0
Other	-0	-0	0	-0	-1	-1
Total	-4	-7	-9	-19	-35	-46

#### NOTE 4 - PLEDGED ASSETS AND CONTINGENT LIABILITIES

	30 .	31 Dec	
Pledged assets (SEK m )	2021	2020	2020
Bank guarantees	131	134	127
Total	131	134	127
	30 Jun		31 Dec
Contingent liabilities (SEK m )	2021	2020	2020
Performance bonds	174	175	169
Total	174	175	169

#### Parent company

The parent company has provided a parent company guarantee of SEK 30 (31) million covering financial obligations of the Finnish subsidiary in respect of leases and bank guarantees as well as a parent company guarantee on behalf of a subsidiary in Norway to ensure delivery to a major customer. The parent company has no other pledged assets or contingent liabilities.

#### **NOTE 5 – ACQUISITIONS**

On 1 March 2021, the acquisition of the company R&K Service, a well-run Norwegian family company that provides cleaning and restaurant services in the Stavanger region, was completed. The company has annual sales of around NOK 80 million.

The transaction costs for the acquisition, totalling SEK 0.2 million, have been recognised as an administrative expense in the income statement.

In conjunction with the acquisition of R&K Service, intangible assets were identified at a value of SEK 70 million (SEK 64 million net including deferred tax liability), of which SEK 26 million was allocated to customer contracts and SEK 1 million to trademarks. The remainder comprises goodwill. The goodwill that arose from the acquisition is primarily attributable to the employees' skills and to increased profitability in the form of expected synergies from the acquisition. No portion of the recognised goodwill is expected to be tax-deductible.

R&K Service AS increased consolidated sales by SEK 26 million during the period from 1 January to 30 June 2021. If the acquisition had taken place on 1 January 2021, the acquired business would have increased consolidated sales by SEK 38 million on a pro forma basis for the period from 1 January to 30 June 2021.

Preliminary acquisition analysis (SEK m) 1)	R&K Service AS		
Preliminary consideration paid	83		
The assets acquired and liabilities assumed that have been recognised as a result of the acquisitions are the following			
Customer contracts	26		
Trade marks	1		
Property, plant and equipment	5		
Cash and cash equivalents	19		
Accounts receivable and other current receivables	13		
Deferred tax liability	-6		
Lease liability	-5		
Accounts payable and other current liabilities	-16		
Acquired identifiable net assets	39		
Goodwill	43		
Total acquired net assets	83		
Cash flow attributable to acquisitions for the period			
Consideration paid	83		
Cash in acquired businesses	-19		
Net outflow, cash and cash equivalents	64		

<sup>&</sup>lt;sup>1)</sup> Preliminary figures - acquisition analysis not completed at the end of the period.

#### NOTE 6 - SHARE-BASED INCENTIVE PROGRAMMES

In accordance with a resolution of the Annual General Meeting, the Group introduced a target- and performance-based incentive programme (LTIP 2021) for senior executives and other key individuals in the Coor Group in May. LTIP 2021 has the same structure and framework as the incentive programmes launched in 2018 and 2019.

To qualify for the programme, participants will be required to own Coor shares that are allocated to the programme. Each participant will have the right to allocate a specified number of shares. For each invested share, participants will then be entitled to an allotment of target- and performance-based share rights at the end of the vesting period. The allotment of share rights depends on the extent to which the defined targets and performance conditions have been met during the performance period from 1 January 2021 to 31 December 2023. The employee is also required to retain his or her investment shares and remain an employee of Coor at the end of the vesting period. The vesting period will end in connection with the publication of Coor's interim report for the first quarter of 2024.

In total, the programme comprised a maximum of 100,250 investment shares with a maximum allotment of 446,500 performance-based share rights. The take-up of the programme was around 88 per cent, which meant that a total of 391,830 share rights were allotted on the issue date, comprising 87,020 share rights of series A, 217,790 of series B and 87,020 of series C.

To ensure delivery of shares under the programme, the Annual General Meeting resolved to authorise the Board of Directors to acquire own shares.

The performance-based share rights are divided into three series:

- Series A customer satisfaction index: The allotment of share rights of series A is contingent on the improvement in Coor's customer satisfaction index in relation to the defined targets.
- Series B earnings performance: The allotment of share rights of series B is contingent on the improvement in Coor's earnings (adjusted EBITA) in relation to the adopted business plan.
- Series C relative total return performance: The allotment of share rights of series C is contingent on the total return performance of Coor's shares in relation to a weighted average in a group of other companies (the benchmark group).

## SELECTED KEY PERFORMANCE INDICATORS

### PURPOSE OF SELECTED KEY PERFORMANCE INDICACTORS

To give its investors and other stakeholders clearer information about the Group's operations and its underlying success factors, Coor has chosen to provide information about a number of key performance indicators. The purpose of these indicators is explained below. See page 29 for definitions of terms and the calculation of key performance indicators.

#### Growth

The Group deems that organic growth best reflects the underlying growth of the business, as this measure excludes the effect of acquisitions and fluctuations in exchange rates.

#### Earnings and profitability

To reflect the performance and profitability of the underlying business more accurately, the Group has defined key performance indicators in which earnings have been adjusted for items affecting comparability and for amortisation and impairment of goodwill, customer contracts and trademarks. The Group considers that adjusted EBITA is the measure of operating profit which most clearly reflects the underlying profitability. It is also based on this measure of earnings that the Group's segments are followed up and evaluated internally.

The adjusted net profit measure of earnings excludes the noncash items amortisation and impairment of goodwill, customer contracts and trademarks from consolidated net profit and is used as a basis for deciding on dividends to the shareholders.

#### Cash flow and working capital

Coor always works proactively to safeguard its cash flow, from both a working capital and an investment perspective. Coor focuses on analysing cash conversion, which is defined as the ratio of a simplified operating cash flow to adjusted EBITDA. The Group's target is a cash conversion of at least 90 per cent on a rolling 12-month basis. To ensure that the measure provides a true and fair picture over time, the Group calculates cash conversion using measures of operating profit and operating cash flow which exclude items affecting comparability.

To achieve the defined target for cash conversion, strong emphasis is placed on minimising working capital and maintaining negative working capital. The Group therefore continuously monitors the size of working capital relative to net sales.

#### Net debt and leverage

To ensure that the Group has an appropriate funding structure at all times and is able to fulfil its financial obligations under its loan agreement, it is relevant to analyse net debt and leverage (defined as net debt divided by adjusted EBITDA on a rolling 12-month basis). The Group's objective is to maintain a leverage of less than 3.0 times.

#### RECONCILIATION OF KEY PERFORMANCE INDICATORS

The following table shows a reconciliation between the calculated key performance indicators and the income statement and balance sheet.

	Apr-Jun		Jan-Jun		Rolling	Jan-Dec
Reconciliation of adjusted key performance indicators (SEK m )	2021	2020	2021	2020	12 mth.	2020

Net debt	1,389	1,621	1,389	1,621	1,389	1,207

For a reconciliation of cash conversion, see page 19.

#### **DEFINITIONS**

#### Cost of services sold

Costs which are directly related to the performance of the invoiced services, depreciation of property, plant and equipment, and amortisation of goodwill, customer contracts and trademarks.

#### Items affecting comparability

Items affecting comparability mainly comprise costs for integration of contracts and acquisitions as well as more extensive restructuring programmes. Items affecting comparability are included either in cost of services sold or selling and administrative expenses.

#### **EBITA**

Operating profit before amortisation of goodwill, customer contracts and trademarks.

#### Adjusted EBITA

Operating profit before amortisation of goodwill, customer contracts and trademarks, excluding items affecting comparability.

#### Adjusted EBITDA

Operating profit before depreciation of all property, plant and equipment and amortisation of all intangible assets, excluding items affecting comparability.

#### Adjusted net profit

Profit after tax excluding amortisation of goodwill, customer contracts and trademarks.

#### Working capital

Non-interest-bearing current assets less non-interest-bearing current liabilities at the balance sheet date.

#### Net investments

Investments in property, plant and equipment and intangible assets less consideration received on sale of property, plant and equipment and intangible assets.

#### LTM

Rolling 12 months.

#### FTE

Number of employees on a full-time equivalent basis.

#### **Equal opportunities**

Gender distribution between men and women in managerial positions.

#### Employee motivation index (EMI)

Each year, Coor conducts a comprehensive employee survey with the help of an external research firm.

#### Customer satisfaction index (CSI)

Each year, Coor conducts a comprehensive customer survey with the help of an external research firm.

#### Scope 1-3

Scope I encompasses all direct greenhouse gas emissions. For Coor, this includes emissions from the combustion of fossil fuels from vehicles and machinery.

Scope 2 includes indirect emissions from energy use in the form of electricity, heating and cooling.

Scope 3 includes all other indirect emissions from purchased goods and services, business travel, capital goods, investments, employee commuting, waste disposal, upstream transportation and distribution.

### CALCULATION OF KEY PERFORMANCE INDICATORS

#### Net sales growth

Change in net sales for the period as a percentage of net sales for the same period in the previous year.

#### Organic growth

Change in net sales for the period as a percentage of net sales for the same period in the previous year excluding acquisitions and foreign exchange effects.

#### **Acquired growth**

Net sales for the period attributable to acquired businesses, excluding foreign exchange effects, as a percentage of net sales for the same period in the previous year.

#### **EBITA** margin

EBITA as a percentage of net sales.

#### Adjusted EBITA margin

Adjusted EBITA as a percentage of net sales.

#### Adjusted EBITDA margin

Adjusted EBITDA as a percentage of net sales.

#### Working capital/net sales

Working capital at the balance sheet date as a percentage of net sales (rolling 12 months).

#### Net debt

Non-current and current interest-bearing assets less non-current and current interest-bearing liabilities at the balance sheet date.

#### Earnings per share

Profit for the period attributable to shareholders of the parent company divided by average number of ordinary shares outstanding.

#### Equity per share

Equity at the end of the period attributable to shareholders of the parent company divided by the number of shares outstanding at the end of the period.

#### Equity/assets ratio

Consolidated equity and reserves attributable to shareholders of the parent company at the balance sheet date as a percentage of total assets at the balance sheet date.

#### Cash conversion

Adjusted EBITDA less net investments and adjusted for changes in working capital, as a percentage of adjusted EBITDA.

#### Leverage/capital structure

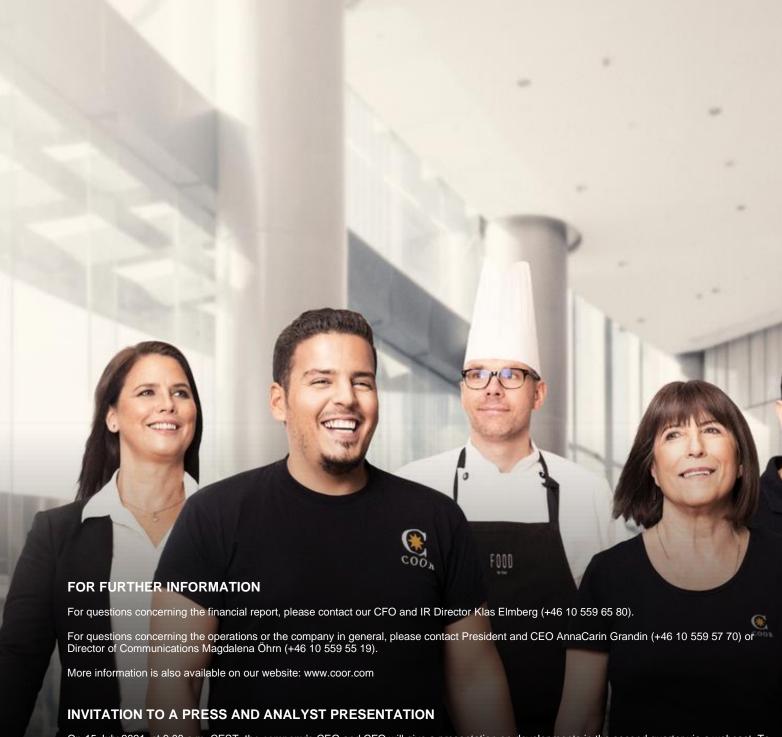

Net interest-bearing debt at the balance sheet date divided by adjusted EBITDA (rolling 12 months).

#### TRIFR (total recorded injury frequency rate)

Total number of injuries multiplied by 1,000,000 working hours. Injuries to and from the workplace are excluded.

#### Scope 1 CO<sub>2</sub> emissions

Emissions of CO<sub>2</sub> equivalents from purchased fuel for owned and leased machinery and vehicles per SEK in sales [tCO<sub>2</sub>e/SEK million]

On 15 July 2021, at 9:00 a.m. CEST, the company's CEO and CFO will give a presentation on developments in the second quarter via a webcast. To participate in the webcast, please register in advance using the following link: <a href="https://onlinexperiences.com/Launch/QReg/ShowUUID=8CFB7CE1-228C-49A1-9987-30F3A99A763E">https://onlinexperiences.com/Launch/QReg/ShowUUID=8CFB7CE1-228C-49A1-9987-30F3A99A763E</a>

To listen to the presentation by telephone, dial +46850558366 (Sweden), +4723963688 (Norway), +4578150110 (Denmark), +358981710521 (Finland) or +443333009267 (UK).

The briefing material and a recording of the webcast will be published on the company's website www.coor.com, under Investors/Reports and presentations, after the briefing.
